About

Our club's mission is to provide a fun, welcoming environment for chess enthusiasts of all levels, and to share our love of chess to the greater MIT and Boston communities. We host weekly club meetings, organize formal and informal tournaments, and compete regularly in major national tournaments.

Since restarting the club in 2016, we have been rapidly growing every year, reaching several hundred chess fans in the local community through our events. This upcoming year, our team roster will include one Grandmaster and seven National Masters, and we are looking forward to putting MIT on the chess map in prestigious intercollegiate tournaments. We are seeking sponsors interested in creating an awesome partnership with our vibrant chess community.
